WHAT THEY DO

The company specialises in franchise food in Pietermaritzburg

HOW WE HELPED THEM

1. Annual Financial statements
2. Monthly Bookkeeping
3. Payroll
4. Taxation

Having entered a new industry we knew little about, we needed an accounting firm who would go over and beyond the transactional accounting activities. We needed someone to closely work with, guide and advise us on the business. We have been pleased with VHA Accounting.

Mr Bhola and his team are amazing to work with.

Professional, knowledgeable and reliable, they have assisted us in better understanding our business. Their sound advice has been useful.

We have not regretted contracting with VHA Accounting and look forward to continuing this working relationship with them.
